

MEMORANDUM FOR: NIE 11-12-80 Implications Working Group

Attached is a think-piece that I put together that may be useful to stimulate some discussion in your meetings. It has been reviewed by some analysts in the DDI. Since it has not been formally coordinated, I ask that you treat it as an informal draft. I would appreciate any questions, comments or reactions that you may have regarding the draft.

Assistant NIO/SP

Date 23 June 1983
